

Thank you my Lord for you are Salvation

14 years of a consecrated life is surely the work of God and not mine. This is what I constantly say and repeat. Because my incessant prayer to the Lord is "without you I can do nothing"... Throughout my life, I feel that he holds my hand. My vocation is a real call coming from Him.

What enabled me to ascertain this fact? They are the visible signs I was able to see during the spiritual retreats... To be in retreat was and is always a very important moment for me, it is a support to meet God and continue life in his presence in order to be able to live in the Christ's peace and in joy... Indeed, getting to know the Lord has given me a peaceful and joyful life. That is why I have noticed that my vocation consists on making the Lord known to people I meet so that they would experience heaven on earth...

Another factor ? It is the daily family prayer when all the family members gathered to glorify God... There is also the regular spiritual accompaniment that made discernment easier... Listening to the voice of charity and praying silently on a daily basis before the Blessed Sacrament...

All of this made my religious life easy, void of any major obstacles.

I thank God for he has accompanied and will always accompany me, Him whom I have desired and will desire till the end of time. AMEN.
